OF INDIANA.  
FOR VICE-PRESIDENT  
**LEVI P. MORTON,**  
OF NEW YORK!

**THE LETTER.**  
The Winemason Silver State and Elko Independent are displeased at the Journal for wondering why President Cleveland's letter of acceptance is so long delayed. The former remarks: "Some of our extreme contemporaries, notably the Reno Journal, are considerably disgusted because Cleveland has not written a letter accepting the nomination for President, and yet they had no fault at all for Harrison not doing so. They ought to know that there is no law to compel a candidate for President to write a letter of acceptance. Cleveland and Harrison were both notified that they had been nominated, and neither declined, so it is really immaterial whether or not they say anything more on the subject. However, so long as Harrison has not written a formal letter of acceptance, it is hardly the correct thing for Republicans to be grabbing because Cleveland has not done so."

The Independent retorts, like the Yabber, with "What's the matter with Harrison's letter? Perhaps he does not think it necessary to say more on the subject than he has said."  
The President is certainly in a bad predicament, and it is no answer to say that he is holding back until Gen. Harrison's letter appears. The latter has the right of way, because Cleveland was first nominated and should be the first to signify his acceptance by the usual letter. The Journal has no idea what is causing the delay, unless as is stated by an Eastern paper that a plausible explanation is found in that he is really stuck, not because he said in his other letter of acceptance that it would be dangerous to the country for him to take a second term, but because of the tariff question. It is known that he has been besieged with letters from prominent members of his own party urging upon him the necessity to counteract the opinion which they think is gaining ground that his communication to Congress was a free trade message. He is beseeched to explain it away and to make it apparent that he is not antagonizing protection to the extent of the nullification of the doctrine. Meanwhile other Democratic luminaries are urging him to adhere to the letter and spirit of the message. The Nashville (Tenn.) American, for instance, insists that he will interpret his message and the Saint Louis platform from a protection point of view, and the Louisville Courier Journal that he must interpret them from a free trade point of view. The Memphis Appeal also claims that the message is a free trade document, and leading Democrats in New York and Boston have also publicly declared their knowledge that he is in favor of free trade. The authorities on the other side are quite as numerous, but the Nashville American, which is a Democratic protection paper, is certain he will not construe the platform from the Courier Journal's standpoint.

This condition of things is enough to keep the President awake nights wondering what he ought to say, and how to satisfy both sides. Meanwhile Col. Bries, the head of the literary bureau and purveyor of the boodle fund, is in Washington urging him to dash up the letter so that it can be put in the campaign text book, which is all ready with the exception of his copy, for which the printers are howling. Nothing can be done until they have it; consequently the brethren are lying around headquarters in a state of apathy and absolute indolence. The most unique criticism yet made is that of the Albany (N. Y.) Times, a Democratic paper in first-class standing, which says: "It is about time for the party to call another convention and nominate a candidate who will accept on another kind of a platform—not only accept, but be acceptable." Considering the predicament the President is in this suggestion is unkind. If he is compelled to flop he should be given time enough to do it in a graceful manner.

The total area under cultivation in corn, wheat, rye and oats in the United States this year is about 140,000,000 acres or nearly 219,000 square miles. This is less than half the 322,000,000 acres of public lands which have not yet been surveyed, much of which is well adapted to the cultivation of the cereals. The crop possibilities of this country are far from having reached their maximum.

**General Harrison Talks to a Large Delegation of Visitors.**  
INDIANAPOLIS, August 19.—Some commercial travelers of Illinois and Indiana paid their respects to General Harrison yesterday. At 4 o'clock the delegation, consisting of about 1,200 men, marched to General Harrison's residence. The spokesmen for their visitors were Congressman J. H. Rowell, of Bloomington, and Julius Starr, of Peoria.  
General Harrison in his response referred to the attributes of a successful commercial traveler, and then touched upon the tariff issue. He said:  
"Do not allow any one to persuade you that this great contest as to our tariff policy is one between schedules. It is a question between wide-apart principles—the intelligent recognition of the framing of our tariff laws of duty to protect our American industries and maintain the American scale of wages by adequate discriminating duties on the one hand, and on the other a denial of the constitutional right to make our customs duties protective, or the assertion of the doctrine that free competition with foreign products is the ideal condition to which all our legislation should tend."

**THE GENERAL'S BIRTHDAY**  
INDIANAPOLIS, August 19th.—General Harrison passed a quiet Sabbath, preparatory to a trip to Middle Bass island. To-morrow is the fifty-ninth anniversary of his birth. He will leave some time during this afternoon or evening for Toledo, but the time of his departure and route are carefully withheld from the public, owing to the General's desire to make the trip as quietly and unostentatiously as possible.

**"HE'S ALL RIGHT."**  
Robert T. Lincoln Enthusiastic Over Harrison and Morton.  
New York, August 19.—Robert T. Lincoln, who arrived to-day from Europe, was visited by a reporter, to whom he said, when questioned as to his opinion on the political situation:  
"I have no doubt of the election of the National Republican ticket. Of course, you must give me a chance to look around before I can say as much as you wish me to. I will start for Chicago to-morrow and enter the field for victory. I will remain in the fight until the sun sets on the 6th of November next. I will be satisfied, as a reward for my labors, with the election of Harrison and Morton."

**NOT MUCH IN IT.**  
The Eureka Sentinel says:  
The story telegraphed from Washington that the Richmond and Eureka Consolidated Mining Companies are to be sued for ten million dollars for cutting Government timber is nonsensical in the extreme. There is no ground for any such suit. If anybody at Washington imagines there is any Democratic politics in this sort of thing they are to be pitied for their stupidity. We incline to believe that the Department has been misled from this end of the line. The Agent who came here (another importation from Iowa) knew nothing about the condition of Government timber nor anything else in Nevada. He seems not even to have had a decent conception of the provisions of the law under which he was supposed to be acting. The cutting of timber for mining and domestic purposes is especially permitted by the statute in the mining regions. The cutting of timber and the conversion of it into charcoal with which to smelt the minerals out of the ores is as much a use for "mining purposes" within the spirit of the Act, as is the appropriation by the miner of sticks to cook his pork and beans a use for "domestic purposes." One is as much a violation of the law as the other, both being especially allowable under the law. This has always been the doctrine held by everybody in the mines for twenty-five years, and it is ridiculous to place any other construction on the law. Nothing will come of the proposed suits. No jury in the state could be found who would not kick these cases higher than a kite in three minutes. No sane man believes that there has been any violation of the true spirit of the law. It looks a little like the Iowa Agent may have been inspired in his report of this enormous trespass by some one who hoped to gain by harrassing these companies with litigation. We would not give the Government ten cents for its ten million suit.

**Patriotism Must Find Expression.**  
The people do love men who are first of all Americans; who put their country's honor and welfare above all other considerations; who are not afraid to champion her interests and defend her rights at any cost. Blaine has been such a man—always raising his voice for American rights, and as a representative of American ideas he will be given this spontaneous tribute of a nation's regard. It is a good thing to stir up the patriotism of the people in these days of trucking to foreign influences. With a President and Cabinet too cowardly to protect American interests at home or abroad, it is well for the loyal American spirit of the people to have a chance to find expression in this way.—Iowa State Register.

The Nevada & California has made a very liberal rate to the northern people who may wish to come to the Reno State Fair. The fare from San Francisco to Reno will be \$4, and from Atlanta to Reno \$10.

The Plumas, Myers, Victor and Maxwell, are entered in races to come off at the Chico Fair, Victor in the 2:27 class and Maxwell in the 2:40 class. With Victor are entered Wallace G. Hazell, Kirke, Barbero, Eros, Ha Ha, Jim Blake and Atlat; against Maxwell, Blake, Lohengrin, Daisy, Major, Mont, Bird, Midway and Dade.

## STATE FAIR RATES.

The Low Fares Offered by the Virginia and Truckee Railroad.

The V. & T. R. R. has made exceptionally low rates for the State Fair train during Fair week, placing them 25 per cent. less than any prior year. The round trip from either Virginia, Gold Hill, Mount Home, Santiago and Brunswick, will only be \$2; from Empire \$1 75; from Carson and Lakeview \$1 50; from Frantown, Ophir and Washoe \$1 25; from Steamboat and Brown's \$1; from Hufaker's 75 cents. The above rates include the charge of 25 cents for wagon ride from Reno to the fair grounds and return, for which coupons will be attached to railroad tickets.

## BASEBALL AT THE MINERS' PICNIC.

At the Miners' Unions' picnic in Carson on the 8th of September, the Resolute Baseball Club, of Virginia city, will engage the Amateurs, of Carson, in a game for \$75 a side, which, with the prize offered by the Miners' Unions, will make \$100 for the winning club. The game will commence immediately after the arrival of the picnic train, and it is thought will be a very close and exciting contest. The Resolute will play the following men: Timmons, catcher; Eunis, pitcher; Maxfield, first base; O'Rourke, second base; Deony, third base; Dale, short-stop; McGovern, left field; Blake, center field; Cummings, right field; Haas, Hurley and Blakeley, substitutes.

## REVENUE ON ACRES OF LAND.—The Antrim Revueille says:

J. A. Blossom has had recorded about twenty-five deeds in the Recorder's office last week. He has bought from 5,000 to 6,000 acres from the State, around Battle Mountain, and has also got possession of all the spare lots in Battle Mountain, so that putting things together he must be thinking of working up a land scheme, and perhaps this has something to do with his visit to England with Morgan and wife.

Bro. Loss.—The Modoc Independent says: Flannery Bros. lost a valuable station last week. The horse was valued at \$1,000—apud medicos collo was the cause of death.

The Carson Tribune, of Monday evening, has the annexed:

On Saturday last a Tribune reporter paid another visit of inspection to the Reno Fair grounds, driven thereto by Secretary Stoddard. The grand stand is already completed and is one of the best arranged this writer ever saw; it will seat 900 persons quite comfortably and there is plenty of room for the feet of all. The restaurant, barroom and cooking departments are roomy, light and pleasant. There are 216 horses and cattle stalls, all well ventilated, besides 20 sheep and hog pens. The view from the stand is beautiful, the ground being surrounded by alfalfa fields, and next year when the grounds are seeded it will be that much better. There is room on each side of the grand stand for as many vehicles as will be likely to visit the fair. There is all the water needed for irrigation and whenever the track has been watered it shows splendidly, in fact the horsemen on the grounds state that it will be the best and most springy track on the Pacific Coast. Already Smith & Whalin's stables contain the following named high flyers: Panama, Alcatraz, Rivers, Ogden, Ogden, runners, and Winters' stock, and Wando, a famous trotter. There are some twelve other horses and all in training.

The road from the Depot Hotel is in excellent condition and somewhat less than a mile in length, with shade trees on either side. Shade trees will be set out in the neighborhood of the grand stand, so that the ground can be utilized for parties in a short time the fair grounds and all connected cannot be surpassed in any State or Territory, and three years from this time will be an institution of great resort, and the Board of Directors are certainly deserving of much credit for their management.

Total.....		1,225	\$3,233 25

Very respectfully,  
Wm. Lucas,  
Co. Supt.

Mr. Grady's theory that a new South has taken the place of the old met with a serious setback the other day at a reunion of Confederate veterans at Greenville, S. C., when General Young, following "Hamburg" Butler, said:

"People may make you believe that there is a new South, but such is not the case. There may be a new ship, but the old captain is on the quarter-deck and the old pilot at the helm. You may talk about your new South, but who is now the Governor of the Old Dominion but the splendid Fitzhugh Lee? Who is Governor of South Carolina but the chivalrous and patriotic Richardson? Who is the Governor of Georgia but the gallant, the devoted Gordon? In the Senate, among others, we find the gallant and magnificent Hampton, the chivalrous, glorious and excellent Butler. In the House we have 57 'Rebel soldiers' of the 157 Democrats. In the Senate, of the 35 Democrats twenty-two are 'Rebel soldiers,' and Confederate soldiers are at the helm in State affairs and managing the affairs for the glory and perpetuity of the Union. See what we accomplish by the united help of only three Northern States. We have elected the first Democratic President in a quarter of a century.

If any doubt remains which is on top, the old or the new South, the following extract from Senator Morgan's remarks in the fisheries treaty discussion may remove it:

You have not hesitated to sneer at us and to say that we are Rebels, traitors, men not to be trusted; men who violated our oaths and attacked the National flag; men whose consciences are burdened with political sin—that we deserve to be hanged, and that we are living now by your mercy and grace. And I have only said that you did not dare to hang any of us. You had Jefferson Davis under arrest and the United States Government did not dare to bring him to trial because it would have turned out (in the opinion of great jurists who would have had to try him) that he had not committed treason.

## The Gazette says:

If any other town in the State presented as lively an appearance as Reno does almost every night in the week, its people would be justified in making the statement that a boom had struck it. As it is Reno, however, the word 'boom' has been taboed by general consent, and it is merely alluded to as a 'steady growth.'

When Baby was sick,

We gave her Castoria.

When she was a Child,

She cried for Castoria.

When she became Miss,

She clung to Castoria.

When she had Children,

She gave them Castoria.

The Silver State records this:

Pursuant to notice, the subscribers to the call for the organization of a volunteer militia company met on Saturday, August 18, 1888, at 7:30 p. m., in the District Court room. Ferd. filed stated the purpose for which the meeting had been called, whereupon the names of the persons who had signed the roll for the organization of said volunteer militia company were called, and those present were duly sworn in by Colonel F. D. Sweetser, whereupon it was moved that the persons on said roll call do now organize and proceed to business.

Ferd. Reid, having heretofore been appointed enrolling officer, proceeded to organize said meeting, whereupon he appointed A. T. Gilson Secretary, and stated that the first business in order was the election of officers for said company, to-wit: a Captain, one First and two Second Lieutenants. Nominations for Captain having been made a ballot was taken, and Ferd. Reid, having received a majority of all votes cast, was declared duly elected. Nominations were made for First Lieutenant, whereupon Paul Neth, having received a majority of all the votes cast, was declared duly elected. Nominations were made for two Second Lieutenants, whereupon George M. Rose and Charles Mackay, having received a majority of all the votes cast, were declared duly elected. On motion, the Captain was authorized to appoint the subordinate officers.

The Chair then announced that the selection of a name for said company was the next business in order, whereupon it was moved and seconded that the company be known as the Humboldt Guards. There being no further business, the company adjourned, subject to the call of the Captain.

## H. D. A. S.—The Silver State says:

Pursuant to call the Board of Directors of the Humboldt District Agricultural Society, held a meeting in the Court House last Saturday. The meeting was called to order, President Wise in the chair. Minutes of last meeting read and approved. The Board then elected the following officers for the coming year: Alex. Wise, President; C. D. Mackay, Secretary; L. A. Blakeslee, Treasurer. It was then moved and seconded that a committee of three be appointed on speech programme, also a committee of three on premium programme. The motion being approved President Wise appointed on the first, Messrs. F. M. Fellows, J. H. Thies and C. A. LaGrave; on the second, Messrs. A. T. Gilson, Ferd. Reid and H. J. Pratt. On motion the Board then adjourned until 4 o'clock Monday afternoon, Aug. 20, 1888.

## BLOOD POISONING.—The Silver State says:

George Berk, proprietor of the Railroad Meat Market, sharpened his pocket knife on his boot one day last week and used the knife in paring a corn. Subsequently inflammation set in, accompanied by severe pains in the foot and limb, and Dr. Hanson, who was called to attend him, said the trouble resulted from blood poisoning. Mr. Berk has suffered intensely, but the physician has the poison under control, though last evening the leg was considerably swollen. He thinks there must have been a little blood on the boot on which he sharpened the knife, and that the poisoning resulted from it. It is by no means unusual to have serious consequences result from paring corns, and people should see that the knife used for that purpose is perfectly free from all poisonous substances.

## ACCIDENT.—The Modoc Independent says:

A couple of teams attached to mowers, were standing in the field of E. P. Sessions last week, when from some reason or other one of them became frightened and started, running into the team ahead. The legs of one of the animals were cut entirely off by coming in contact with a stake. The machines were damaged about \$40.

## One Black Drop.

Hyron was wise when he wrote, "A drop of ink may make a million think." This is indeed true when the black fluid is used to enlighten the world on the merits of Dr. Pierce's Golden Medical Discovery. Let consumptives everywhere hear the glad tidings. Try it all, who breathe in pain and loss in fever through the long night hours. You will find the cough gone and sleep as balmy as a child's will visit your pillow. You will thank the drop of ink that brought the message of mercy to you.

## \$500 Reward.

So confident are the manufacturers of Dr. Sage's Catarrh Remedy in their ability to cure chronic nasal catarrh, no matter how bad or of how long standing, that they offer, in good faith, the above reward for a case which they cannot cure. Remedy sold by druggists at 50 cents.

A Letter From Hon. A. H. Greenhough.

The Belmont Courier, in its last issue, calls the attention of its readers to a communication from Hon. A. H. Greenhough. The Judge has been appointed agent to collect exhibits in Nye county for the Reno State Fair. He has designated several ladies and gentlemen to assist him in the work. The fair will commence on September 17th and will continue to September 23d inclusive. It is to be hoped that the people of Nye county will make a good showing at the fair in the different classes of exhibits. The letter is as follows:

JUNCTION, NYE COUNTY, NEV., August 11, 1888.

EDITOR: COURIER: For the encouragement of collecting and forwarding of exhibits to the next State Fair at Reno, which is to be held September 17th to 23d, inclusive, I ask some space in your paper. I having been selected by our Blood Horse Association (without money) to act as their agent in the counties of Lander, Nye and Churchill. You see by the catalogue I sent you the principal railroad will transport stock for exhibit free. I have the word of Mr. Huchel, of the Nevada Central, that he will try to be as good as others.

Now, sir, we want to show the outside world some of our resources. For which purpose I respectfully request the co-operation of our people generally and designate Messrs. George Nichol, George Ernst and Adam McLean, of Belmont, as a committee to collect and forward minerals and all articles deemed worthy of exhibition. I suggest also that Mrs. Moore, Mrs. Ball and Miss Stella Warburton act as a committee on collecting needle-work, paintings, etc. I am informed that the fruit crop in the eastern portion of Nye county is better than usual. I therefore request Mr. Isaac Irwin, of Duckwater, Messrs. McCullough and Brown, of Currant Creek, to confer with each other and try to show the whole world some of their specimens of fruit, berries, etc. Indeed all persons are invited to assist in making a display worthy of Nye. You will see from the catalogue that counties are invited to consolidate their articles and compete for a prize.

Believing you will take interest in this matter, Messrs. Editors, I leave it in your hands. Respectfully,  
A. H. GREENHOUGH.

## A WARNING.

The modes of death's approach are various, and statistics show conclusively that more persons die from diseases of the Throat and Lungs than any other. It is probable that everyone, without exception, receives vast numbers of Tubercle germs into the system and where these germs find upon suitable soil they start into life and develop, at first slowly and is shown by a slight tickling sensation in the throat and if allowed to continue their ravages they extend to the lungs producing Consumption and to the head, causing Catarrh. Now all this is dangerous and if allowed to proceed will in time cause death. At the onset you must act with promptness; allowing a cold to go without attention is dangerous and may lose you your life. As soon as you feel that something is wrong with your Throat, Lungs or Nostrils, obtain a bottle of Beech's German Syrup. It will give you immediate relief.

## ADVICE TO PARENTS.

Are you disturbed at night and broken of your rest by a sick child suffering with crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children's Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Drop upon it, mothers, there is no mistake about it. It cures dysentery and diarrhoea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children's Teething is present to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle. Sold by Wm. Plummer, Reno.

#### PLATFORM AND RESOLUTIONS.

The Republicans of the State of Nevada in  
convention assembled again express their loy-  
alty to the principles of the Republican party,  
which have made the country so great and pros-  
perous during the last quarter of a century.

*Resolved,* That the question of a sufficient  
supply of a circulating medium to maintain a  
permanent range of the price of labor and  
property is the most important political ques-  
tion awaiting solution by the American people.

*Resolved,* That a diminishing quantity of  
money reduces the price of labor and property  
increases the obligation of contract, enriches  
the creditor, impoverishes the debtor, and pa-  
ralyzes industry and enterprise.

*Resolved,* That the present financial system  
of the United States, which increases or di-  
minishes the circulating medium at the pleasure  
of the manipulators of the National banks, with-  
out regard to the increase of population or the  
wants of the people, and which recognizes gold  
alone as the standard of value, and places in  
the hands of the Treasury Department all the  
revenue of the Government to speculate with  
in bonds and loan to National banks without  
interest, is subversive of the rights of the people  
oppressive, unjust, and should be repudiated.

*Resolved,* That a financial policy whereby both  
gold and silver shall form the basis of circula-  
tion, whether the money used by the people be  
coin, or in certificates redeemable in coin, or  
both, as convenience may require, is impera-  
tively demanded.

*Resolved,* That the attempt to substitute Na-  
tional bank notes, costing the Government  
millions of dollars annually, for free silver,  
costing nothing, is an outrage upon the people;  
that the money market, which has been un-  
der the sovereign power of the Government to  
issue money, and which has fantastically demon-  
strated silver and seized the revenues of the  
Government for private speculation, shocks the  
moral sense of the people and destroys respect  
for Government and law. We demand that this  
trust be destroyed and equal rights re-  
stored to all people.

*Resolved,* That we charge that President  
Cleveland is the willing tool or agent of a pow-  
erful money ring which fattens the subsidies of  
the Government, makes war on silver, issues  
its paper currency at the expense of the Gov-  
ernment, borrows the revenues raised by tax-  
ation, and uses them without the payment of  
interest, contracts the currency to enhance the  
value of bonds, and enriches the usurers while  
it depresses the price of labor and property.

*Resolved,* That we favor the nomination of  
no man for President who is personally inter-  
ested in National banks or the bonded indebt-  
edness of the United States, but who has un-  
derwritten the trust to give life to all the peo-  
ple of the country—the poor as well as the rich.

*Resolved,* That the trickery of the President  
and his advisers by which they prevented a vote  
in the House of Representatives on the Beck  
silver amendment to the Bond purchasing bill,  
equals the villainy of the secret and fraudulent  
demonetization of silver in 1873.

*Resolved,* That we are in favor of the protec-  
tion of home industry, and that the laborer of  
this country have a right to all the work required  
to supply the people of the United States, and  
that we are in favor of high wages in this  
country, and to that end will protect the work-  
ers competition with the cheap labor of other  
lands.

*Resolved,* That the policy of the Government  
should be inaugurated and established by the  
people through their representatives in both  
Houses of Congress, and not by the President  
or the money trust, of which he, either as  
agent or head, is most active in defending.

*Resolved,* That we charge President Cleveland  
with violating every promise he made in favor  
of civil service reform, with crippling the mail  
service, with refusing to sign necessary bills  
for the improvement of rivers and harbors,  
with using the power of his Administration to  
prevent appropriations for a navy and coast de-  
fenses, with attempting to destroy the protec-  
tive tariff, with courting the good will of other  
nations at the expense of the citizens of the  
United States, and with joining the foreign  
bondholders to demonetize silver and destroy  
the industries of our country, and for the re-  
duction of wages of the Mint employees at Car-  
son for closing the Carson Mint when it was  
not only self-sustaining but a source of revenue  
to the Government, for his contemptuous re-  
fusal to take title for the relief of disabled sol-  
diers and sailors, and for failing to construct  
the Government building at Carson as required.

*Resolved,* That we are in favor of the absolute exclusion of  
Chinese, and the restriction of immigration, by  
which the present overcharged condition of  
the labor market is made worse, and also favor  
legislation by which a revision of our natural-  
ization and land laws may be accomplished.

*Resolved,* That we demand, in behalf of our various indus-  
tries, the retention of the duties on lead, borax,  
wool, hides and furs, and to restore the  
tariff of last year.

*Resolved,* That we recognize the right of  
labor to organize for its lawful protection.

*Resolved,* That we favor the substitution by  
the Legislature to the people of an amendment  
to the Constitution giving the Legislature the  
power to regulate the liquor traffic.

*Resolved,* We favor liberal appropriations by Congress  
for hydrographic and topographic surveys  
in this State to the end that the waste waters  
may be preserved for the purpose of irrigation.

*Resolved,* We endorse the wise and conservative admin-  
istration of Governor G. S. Shoshone, and we  
heartily commend the able efforts of Senators  
Stewart and Jones and Representative Wood-  
burn in behalf of the interests of the people of  
this State.

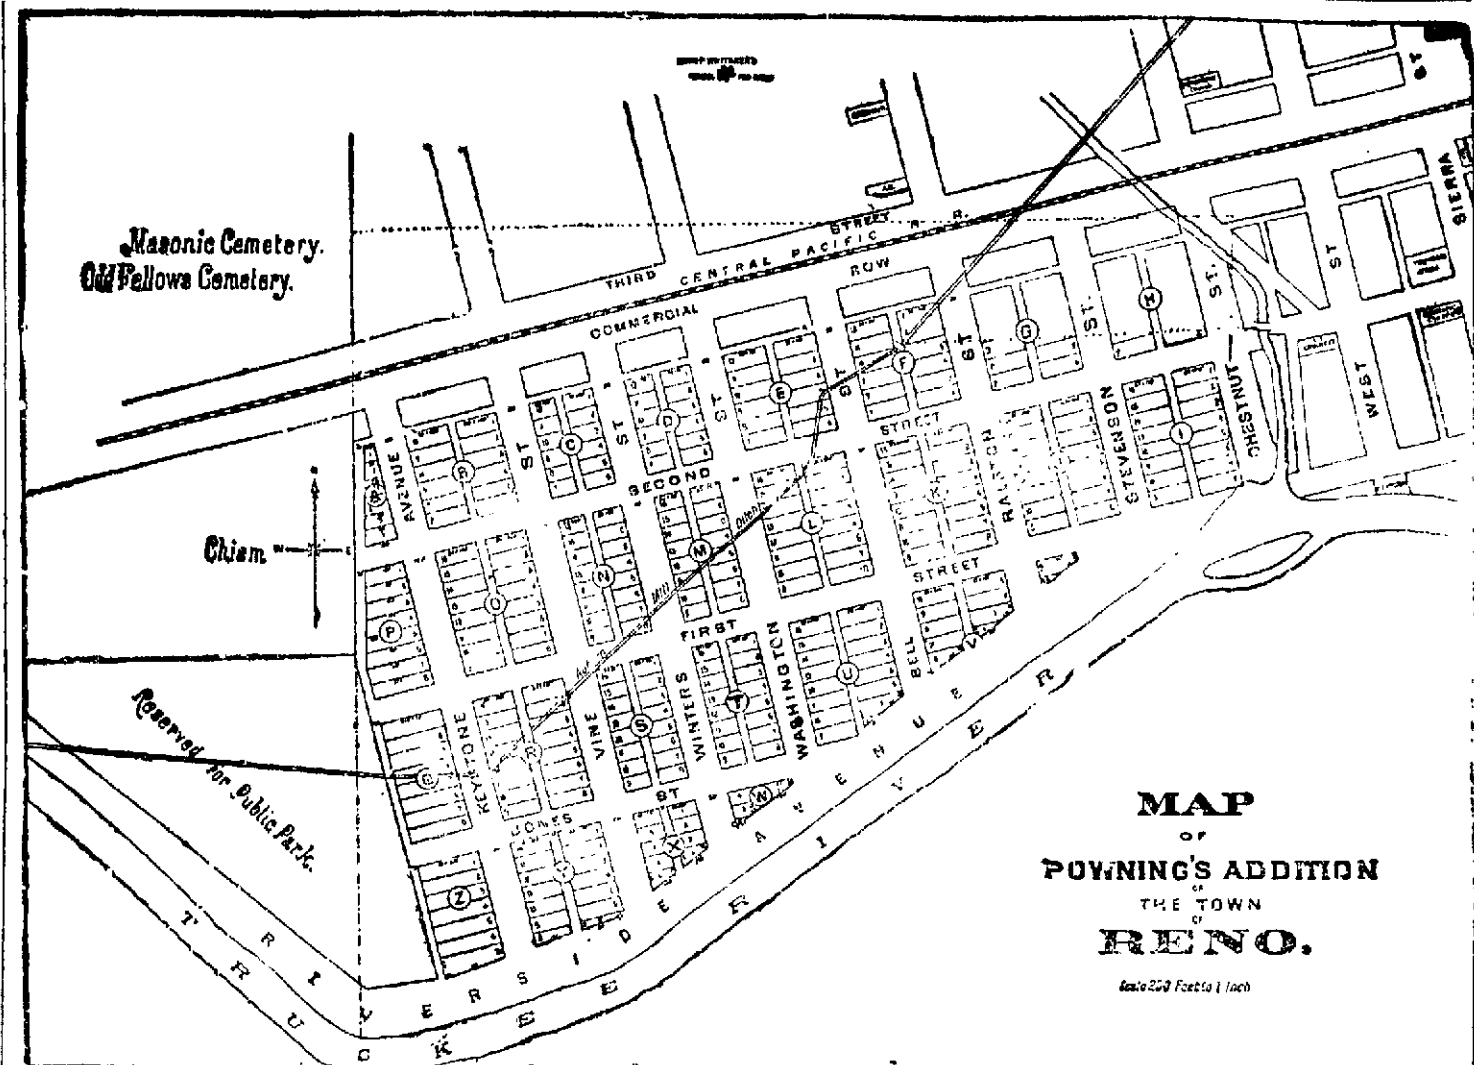

*Resolved,* We favor the granting to Nevada of all Gov-  
ernment land within the State for the purpose  
of providing means for irrigation and other  
improvements.

*Resolved,* We favor the reduction of the Treasury sur-  
plus by the payment of pensions to Union sol-  
diers, their widows and orphans, the improve-  
ment of rivers and harbors, the building of  
defenses for our sea-coast, the erection of  
public buildings, the creation of a navy, the  
purchase of bonds and the repeal of the in-  
famous revenue laws taxing tobacco.

*Resolved,* It is the duty of the State to maintain free  
non-sectarian schools in the rural and sparsely  
settled districts as well as in the towns and thickly  
settled sections, and that such a view of the  
school money should be made as will furnish  
the means of education to all children in the  
State.

*Resolved,* We are in favor of re-opening the Carson  
Mint for coinage, and raising the wages of its  
employees to the standard paid by the last Re-  
publican Administration.

*Resolved,* We demand the restoration of the mail ser-  
vice in this State to the efficiency maintained  
by the last Republican Administration, and  
favor the payment of fair wages to all postal  
employees.
